

Global Advantaged Telecom & Utilities Income Fund

Interim Management Report of Fund Performance

June 30, 2014

The Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure, can be obtained at your request, and at no cost, by calling us at 866 998 8298; by writing to us at Harvest Portfolios Group, 710 Dorval Drive, Suite 209, Oakville, Ontario, L6K 3V7; by visiting our website at www.harvestportfolios.com; or on SEDAR at www.sedar.com.

Global Advantaged Telecom & Utilities Income Fund

CORPORATE OVERVIEW

Harvest Portfolios Group Inc. (“Harvest”) is a Canadian Investment Manager focused on unique income generating investment products. Harvest was founded in 2009 by long term members of the investment management industry and is focused on developing investment products that follow the investment philosophy of:

1. Clear investment objectives
2. Transparency
3. Income generation

Harvest’s mandate is to develop investment products that are clear in their mandate and easy for our investors to understand. We strive to be transparent, so that our investors can open their annual report and know exactly what they own. Our funds are also invested to provide investors with consistent monthly or quarterly income; therefore, we seek to invest our fund portfolios in well managed companies that have a history of steady cash flow and pay dividends or distributions.

INVESTMENT PRODUCT

The Global Advantaged Telecom and Utilities Income Fund (the “Fund”) is to provide investors with exposure to an actively managed portfolio comprised primarily of Equity Securities of Global Telecom Issuers and Global Utilities Issuers. The Fund obtains exposure through a Forward Agreement to a portfolio comprised primarily of equity securities of Global Telecom Issuers and Global Utilities Issuers (the GTU Portfolio Trust or the “GTU Trust”).

Global Advantaged Telecom & Utilities Income Fund

MANAGEMENT DISCUSSION OF FUND PERFORMANCE

The management report of fund performance contains financial highlights but does not contain the complete interim financial statements of the Fund. For your reference, the interim financial statements of the Fund are attached to the management report of fund performance. You may obtain additional copies of these documents at your request, and at no cost, by calling toll free at 1(866) 998-8298; by writing to us at Harvest Portfolios Group Inc., 710 Dorval Drive, Suite 209, Oakville, Ontario, L6K 3V7; or by visiting our website at www.harvestportfolios.com; or on SEDAR at www.sedar.com.

Unitholders may also contact us using one of these methods to request a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

INVESTMENT OBJECTIVES AND STRATEGY

The Fund's investment objectives are to provide unitholders with:

- (i) tax-advantaged monthly distributions; and
- (ii) capital appreciation.

The Fund has been established to provide investors with exposure to an actively managed portfolio comprised primarily of equity securities of Global Telecom Issuers and Global Utilities Issuers. The Fund obtains exposure through a Forward Agreement to a portfolio (the GTU Trust) comprised primarily of equity securities of Global Telecom Issuers and Global Utilities Issuers.

The Fund's manager, Harvest Portfolios Group Inc. ("Harvest"), has retained Avenue Investment Management Inc. ("Avenue") to provide investment management services to the Fund.

The yields on many Global Telecom Issuers continue to remain above average historical levels and attractive when compared to other equity, bond and fixed income securities. Over the longer term, Avenue believes that Global Telecom Issuers will benefit from the mass acceptance of mobile and broadband communications which will be reflected through increasing distributions and capital appreciation of the individual securities.

The yields on Global Utilities Issuers remain at attractive levels due to the stability of earnings and the long track records of consistent dividends that these issuers provide. Avenue believes that the Global Utilities Issuers in developing markets will continue to benefit and expand with the growth of these economies, while the Global Utilities Issuers in developed economies often have natural monopolies or operate in monopolistic-like markets that give them the ability to maintain pricing levels throughout the economic cycle. Avenue also believes that Global Utilities Issuers offer reduced exposure to inflation due to their ability to pass through higher costs to the end consumer.

RISK

The risks associated with investing in the Fund are as described in the prospectus. There were no material changes to the Fund over the period that affected the overall level of risk of the Fund.

RESULTS OF OPERATIONS

After a very strong 2013, the Fund continued to perform well for the first six months of 2014, returning 12.18% versus the custom benchmark index comprised of 50% weighting of the MSCI World Utilities Sector Total Return Index in Canadian currency and a 50% weighting of the MSCI World Telecom Service Sector Total Return Index in Canadian currency return of 9.64% over the same period.

Economic data in the United States continued to show signs of robust improvements through the end of the second quarter of 2014. In the broader Eurozone, deflationary pressures through the second quarter served as the impetus for another interest rate cut in the European Central Bank's key lending rate. The ECB also made the decision to cut their overnight deposit rate in an attempt to encourage lending and spur economic recovery and reiterated their accommodative policy stance. The U.K. economy continued to gain momentum through the second quarter, with additional months of strong employment gains and a rapidly decreasing unemployment rate.

Global Advantaged Telecom & Utilities Income Fund

There appeared to be a return of CEO confidence through increased capital spending and a pick-up in merger and acquisition activity. During the period, two of the portfolio holdings were subject to takeover announcements, which had a positive impact on the portfolio performance. The positions were sold on the back of the announcements. There were also discussions regarding the potential for further integration in the European Telecom market with the opportunity for consolidation of some of the splintered national markets, inspiring speculation of further M&A activity within the sectors.

Further steps were taken within the portfolio during the period to reposition some of the sector exposure to companies that are poised to benefit from the current economic dynamics in Europe and the U.S. Specifically, positions were added to several European and US large-cap positions that offer attractive valuations, dividends and exposure towards global growth that are outside of the core Utilities and Telecommunication sub-sectors. The allocation towards these positions in general had a positive impact on the Fund's performance.

RECENT DEVELOPMENTS

Effective January 1, 2014, the Fund prepared its financial statements in compliance with International Financial Reporting Standards (IFRS). The Fund adopted this basis of accounting as required by Canadian securities legislation and the Canadian Accounting Standards Board. Previously, the Fund prepared its financial statements in accordance with Canadian generally accepted accounting principles as defined in the Part V of the CICA Handbook ("Canadian GAAP"). The Fund has consistently applied the accounting policies used in the preparation of its opening IFRS statement of financial position at January 1, 2013 and throughout all periods presented in the financial statements, as if these policies had always been in effect.

RELATED PARTY TRANSACTIONS

There were no related party transactions during the reporting period, except for management fees and other expense reimbursements paid to Harvest, as noted below in Management and Other Fees.

MANAGEMENT AND OTHER FEES

The Fund pays its manager, Harvest, a management fee from the Fund and GTU Trust equal in the aggregate to 1.25% per annum of the applicable average net asset value ("NAV"), (0.25% from the Fund and 1.0% from the GTU Trust), calculated and payable monthly in arrears, plus applicable taxes.

The management fees charged to the Fund and GTU Trust on a combined basis during the period ended June 30, 2014 were \$127,297 (2013 - \$129,018) inclusive of taxes.

At its sole discretion, the Manager may waive management fees or absorb expenses of the Fund. The management expense ratios of the Fund with and without the waivers and absorptions are reported in the Ratios and Supplemental Data table below.

The Manager pays Avenue a fee for its portfolio advisory service, from the management fee received from the Fund, calculated on the basis of the Fund's net asset value.

Operating expenses

The Fund is responsible for operating expenses relating to the carrying on of its business, including custodial services, interest, taxes, legal, audit fees, transfer agency services relating to the issue and redemption of units, and the cost of financial and other reports, costs and expenses for the Fund's Independent Review Committee ("IRC"), including fees and expenses of the IRC members and compliance with applicable laws, regulations and policies. The Manager pays for such expenses on behalf of the Fund, except for certain expenses such as counterparty and forward fees which are paid directly by the Fund, and is then reimbursed by the Fund.

Global Advantaged Telecom & Utilities Income Fund

Other expenses

The Manager will be reimbursed by the Fund for all reasonable costs, expenses and liabilities incurred by the Manager for performance of services on behalf of the Fund in connection with the discharge by the Manager of its duties hereunder. Such costs and expenses may include, without limitation: mailing and printing expenses for reports to unitholders and other unitholder communications; a reasonable allocation of salaries, benefits and consulting fees; independent directors of the Manager and other administrative expenses and costs incurred in connection with the Fund's continuous public offering and other obligations. These expenses were \$52,295 for the period ended June 30, 2014 (2013 - \$55,327) and are included in the unitholder reporting costs on the Statement of Comprehensive Income in the interim financial statements.

During the Fund's initial offering, certain offering expenses such as costs of creating the Fund, the cost of printing and preparing the prospectus, legal expenses of the Fund and other out-of-pocket expenses incurred by the agents together with the agent's fees payable by the Fund are included in the financial statements.

RECOMMENDATION OR REPORTS BY THE INDEPENDENT REVIEW COMMITTEE

The Independent Review Committee tabled no special reports and made no extraordinary material recommendations to management of the Fund during the period ended June 30, 2014.

FINANCIAL HIGHLIGHTS

The following tables present selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the period ended June 30, 2014. This information is derived from the Fund's interim financial statements and past annual audited financial statements.

THE FUND'S NET ASSETS PER UNIT				
	2014	2013	2012	2011
Net assets - beginning of period²	\$ 10.17	8.82	\$ 9.37	\$ 11.17
Increase (decrease) from operations				
Total revenue	-	0.01	-	-
Total expenses	(0.16)	(0.30)	(0.24)	(0.26)
Realized gains (losses) for the period	0.04	(0.14)	(0.21)	(0.57)

Closing market price (HGI.WT)	\$ n/a	n/a	\$ n/a	\$ 0.01

Global Advantaged Telecom & Utilities Income Fund

Explanatory Notes:

1. Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the reporting period. It is not intended that the Fund's net assets per unit table act as a continuity of opening and closing net assets per unit.
2. Net assets, at the commencement of operations March 23, 2011 was \$11.17, net of agents' commissions and issuance costs of \$0.83 per unit.
3. Distributions were paid in cash.
4. Management expense ratio ("MER") is based on total expenses (excluding commissions and other portfolio transaction costs), of the Fund and the GTU Trust expenses. The MER without GTU Trust expenses is 2.99% and the MER for the Fund for the year without GTU Trust expenses, the counterparty and the forward fees is 1.80%.
5. The trading expense ratio ("TER") represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. The TER without GTU Trust expenses is 0.00%.
6. The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a Fund's portfolio turnover rate, the greater the trading costs payable by the Fund and the greater the chance of an investor receiving taxable capital gains. There is not necessarily a relationship between a high turnover rate and the performance of a Fund.

Past Performance

The performance information presented herein assumes all dividends of the Fund during the periods presented were reinvested in additional securities of the Fund. The performance information does not take into account sales, redemption, or other charges that would have reduced returns or affected performance. Past performance of the Fund is not necessarily indicative of how it will perform in the future.

YEAR-BY-YEAR RETURNS

The following chart presents the Fund's performance for each of the periods shown and illustrates how the Fund's performance varied. The chart show, in percentage terms, how much an investment made on the first day of each financial period would have grown or decreased by the last day of each financial period, except for the 2014 period which represents the interim period.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements relating to anticipated future events, results, circumstances, performance or expectations that are not historical facts but instead represent our beliefs regarding future events. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed or implied in the forward-looking statements. Actual results may differ materially from management expectations as projected in such forward-looking statements for a variety of reasons, including but not limited to market and general economic conditions, interest rates, regulatory and statutory developments, the effects of competition in the geographic and business areas in which the Fund may invest and the risks detailed from time to time in the Fund's simplified prospectus or offering memorandum. We caution that the foregoing list of factors is not exhaustive and that when relying on forward-looking statements to make decisions with respect to investing in the Fund, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Due to the potential impact of these factors, the Fund does not undertake, and specifically disclaims, any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by applicable law.
