US Buyback Leaders Fund Announces Normal Course Issuer Bid

OAKVILLE, ONTARIO – May 2, 2016- Harvest Portfolios Group Inc., (the "Manager") of **US Buyback Leaders Fund (the "Fund") (TSX:HUL.UN)** today announced that the Fund will commence a normal course issuer bid to purchase a portion of the outstanding Class A Units (TSX:HUL.UN) on the Toronto Stock Exchange ("TSX") and other Canadian market places, including alternative trading systems. The purpose of the normal course issuer bid for **HUL.UN** is to provide the Fund with a mechanism to decrease the potential spread between the net asset value per unit and the market price of the Class A Units and to provide enhanced liquidity for the Class A Units. **HUL.UN** intends to purchase up to 492,035 Class A Units, representing 10% of the public float of the securities issued and outstanding as at April 29, 2016. These purchases will be made in accordance with applicable regulations, and will be effected through the facilities of TSX and/or other Canadian marketplaces, including alternative trading systems over a maximum period of 12 months commencing on May 04, 2016 and ending on the earlier of May 03, 2017 or on such date as the Fund completes its purchase under the normal course issuer bid or on such date as the Fund may otherwise determine. Class A Units purchased will be cancelled. **HUL.UN** had 4,922,357 Class A Units issued and outstanding and will not purchase in any given 30 day period, in the aggregate more than 98,447 units, being 2% of the issued and outstanding Class A Units as at April 29, 2016.

In the 12 months preceding the date of this release, the Fund has purchased for cancellation 242,800 Units pursuant to an expiring normal course issuer bid at a weighted average price of \$8.0789 per Trust Unit.
