**Annual Management Report of Fund Performance**

**December 31, 2016**

The Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure, can be obtained at your request, and at no cost, by calling us at 1-866-998-8298; by writing to us at Harvest Portfolios Group Inc., 710 Dorval Drive, Suite 209, Oakville, Ontario, L6K 3V7; by visiting our website at [www.harvestportfolios.com](http://www.harvestportfolios.com); or on SEDAR at [www.sedar.com](http://www.sedar.com).

# **Global Telecom & Utilities Income Fund (formerly Global Advantaged Telecom & Utilities Income Fund)**

## **CORPORATE OVERVIEW**

Harvest Portfolios Group Inc. (“Harvest”) is a Canadian Investment Manager focused on unique income generating investment products. Harvest was founded in 2009 and is focused on developing investment products that follow three investment criteria:

1. Clear investment objectives
2. Transparency
3. Income generation

Harvest endeavours to develop investment products that are clear in their mandate and easy for our investors to understand. We strive to be transparent, so that our investors can open their annual report and know exactly what they own. Our funds are invested to provide investors with consistent monthly or quarterly income; therefore, we seek to invest our fund portfolios in well managed companies that have a history of steady cash flow and pay dividends.

## **INVESTMENT PRODUCT**

The Global Telecom & Utilities Income Fund (formerly Global Advantaged Telecom & Utilities Income Fund) (the “Fund”) is to provide investors with exposure to an actively managed portfolio comprised primarily of Equity Securities of Global Telecom Issuers and Global Utilities Issuers.

# Global Telecom & Utilities Income Fund (formerly Global Advantaged Telecom & Utilities Income Fund)

## PRESIDENT'S MESSAGE

Global Telecom & Utilities Income Fund

Unitholder letter March 2017

Dear Valued Unitholder,

2016 can be characterized as another year of volatility as investors faced political uncertainty and tough market decisions. As the year started, markets continued their steady decline over economic concerns after the first Fed rate hike in almost a decade, only to bottom out in February and rally back up through the spring and summer. As September approached, the political rhetoric and steady diet of 2am Tweets unnerved markets leading to declines as the US election drew closer. As the event passed and the world woke up to the new realities of a Trump Presidency, the markets turned and rallied into the end of the year.

Looking ahead, we believe the U.S. will be a strong performer in the world market due to an economy that has been bubbling along with just under a 2% inflation rate and just over a 2% growth rate for the last 5 years. Any "Trump" effect would more than likely trickle down into the economy later in 2017 and 2018. That said, we know that markets are forward indicators of economic performance and should therefore give consideration to US corporate tax cuts and the potential tax break on the \$1 trillion USD sitting offshore in corporate coffers which would no doubt result in a positive effect on corporate earnings. Mr. Trump has also proposed to reduce regulation, which would have a fairly immediate impact on the Financial and Healthcare Industries and their abilities to expand and develop products.

Predicting markets and outcomes can be a frustrating experience and lends more credence to the old term "time in the market not timing the market". Regardless of short term events and market movements, Harvest focuses on industries, sectors or themes with long-term growth dynamics while collecting dividends and selling call options to generate income for our investors. Given our long-term view, we adhere to guiding investment principals which follow our mantra "*Investing doesn't have to be complicated*".

**Keep it Simple:** A complex product does not mean it is a better product. We want our investors to understand exactly what they are investing in and are comfortable that it meets their objectives.

**Transparent:** A portfolio should reflect what an investor thought they were buying. Check your statement or our website and "*know what you own*".

**Consistent income:** All of our funds provide consistent monthly or quarterly income.

2017 and beyond will provide its own steady diet of surprises and challenges, which is why the adherence to an investment philosophy and process helps maintain a calm mindset and long term view of the markets.

Harvest remains committed to its philosophy and we appreciate the confidence you have placed with us as an investor in our funds.

Sincerely,

*Signed* "Michael Kovacs"

Michael Kovacs  
President and Chief Executive Officer

## **MANAGEMENT DISCUSSION OF FUND PERFORMANCE**

The annual management report of fund performance contains financial highlights but does not contain the complete annual financial statements of the Fund. For your reference, the annual financial statements of the Fund are attached to the annual management report of fund performance. You may obtain additional copies of these documents at your request, and at no cost, by calling toll free at 1(866) 998-8298; by writing to us at Harvest Portfolios Group Inc., 710 Dorval Drive, Suite 209, Oakville, Ontario, L6K 3V7; or by visiting our website at [www.harvestportfolios.com](http://www.harvestportfolios.com); or on SEDAR at [www.sedar.com](http://www.sedar.com).

Unitholders may also contact us using one of these methods to request a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

## **INVESTMENT OBJECTIVES AND STRATEGY**

The Fund's investment objectives are to provide unitholders with:

- (i) monthly distributions; and
- (ii) capital appreciation.

The Fund has been established to provide investors with exposure to an actively managed portfolio comprised primarily of Equity Securities of Global Telecom Issuers and Global Utilities Issuers.

The Fund's manager, Harvest Portfolios Group Inc. ("Harvest"), retained Avenue Investment Management Inc. ("Avenue") to provide investment management services to the Fund. Subsequent to year end, Harvest Portfolios Group Inc. assumed the investment management responsibilities from Avenue.

The yields on many Global Telecom Issuers continue to remain attractive when compared to other equity, bond and fixed income securities. Over the longer term, Avenue believes that Global Telecom Issuers will benefit from the mass acceptance of mobile and broadband communications which will be reflected through increasing distributions and capital appreciation of the individual securities.

The yields on Global Utilities Issuers remain at attractive levels due to the stability of earnings and the long track records of consistent dividends that these issuers provide. Avenue believes that the Global Utilities Issuers in developing markets will continue to benefit and expand with the growth of these economies, while the Global Utilities Issuers in developed economies often have natural monopolies or operate in monopolistic-like markets that give them the ability to maintain pricing levels throughout the economic cycle. Avenue also believes that Global Utilities Issuers offer reduced exposure to inflation due to their ability to pass through higher costs to the end consumer.

## **RISK**

The risks associated with investing in the Fund are as described in the prospectus. There were no material changes to the Fund over the period that affected the overall level of risk of the Fund.

## **RESULTS OF OPERATIONS**

The Fund returned -8.13% for the year ending December 31, 2016 versus the custom benchmark index comprised of 50% weighting of the MSCI World Utilities Sector Total Return Index in Canadian currency and a 50% weighting of the MSCI World Telecom Service Sector Total Return Index in Canadian currency return of 2.83% over the same period.

Early in the year, broader global equity markets sold off as investors weighed the economic implications of potential US interest rate hikes during 2016 which put pressure on yield-oriented holdings, including several utilities and telecom issuers held in the Fund. Global markets had a significant increase in short term volatility surrounding the surprising results from the British referendum to leave the European Union. This impacted the Fund's holdings in that market and in particular impacted selected UK and European holdings. Post-election optimism fueled expectations for higher U.S. interest rates that resulted in volatility in yield-oriented sectors towards the end of the year.

## **Global Telecom & Utilities Income Fund (formerly Global Advantaged Telecom & Utilities Income Fund)**

The Fund continued to focus primarily on the Global Telecommunications and Utilities sub-sectors and has also held select positions in several European and US large-cap positions that offer attractive valuations, dividends and exposure towards global growth that are outside of the core Utilities and Telecommunication sub-sectors.

### **RECENT DEVELOPMENTS**

On June 22, 2016, the Fund changed its name from Global Advantaged Telecom & Utilities Income Fund to Global Telecom & Utilities Income Fund. The amended name of the Fund more accurately reflects the mandate of the Fund following the elimination of favourable treatment of character conversion transactions in the Income Tax Act. No changes were made to the investment objective, strategies or management of the Fund.

Subsequent to December 31, 2016, the Manager completed the process of assuming the investment management responsibilities of the Fund from Avenue Investment Management Inc. effective January 16, 2017.

### **RELATED PARTY TRANSACTIONS**

There were no related party transactions during the reporting period, except for management fees and other expense reimbursements paid to Harvest, as noted below in Management and Other Fees.

### **MANAGEMENT AND OTHER FEES**

The Fund pays its manager, Harvest, a management fee from the Fund of 1.25% per annum of the applicable average weekly NAV calculated and payable monthly in arrears, plus applicable taxes. Prior to termination of the Forward Agreement, the management fee was paid from 0.25% of the average weekly NAV from the Fund and 1.0% of the average daily NAV from the GTU Trust.

At its sole discretion, the Manager may waive management fees or absorb expenses of the Fund. During the year there were no fees waived or absorbed. The management expense ratios of the Fund with and without the waivers and absorptions are reported in the Ratios and Supplemental Data table below.

The Manager paid Avenue a fee for its portfolio advisory service, from the management fee received from the Fund, calculated on the basis of the Fund's net asset value.

### **Operating expenses**

The Fund is responsible for operating expenses relating to the carrying on of its business, including custodial services, interest, taxes, legal, audit fees, transfer agency services relating to the issue and redemption of units, and the cost of financial and other reports, costs and expenses for the Fund's Independent Review Committee ("IRC"), including fees and expenses of the IRC members and compliance with applicable laws, regulations and policies. The Manager pays for such expenses on behalf of the Fund, except for certain expenses such as counterparty and forward fees which are paid directly by the Fund, and is then reimbursed by the Fund.

### **Other expenses**

The Manager will be reimbursed by the Fund for all reasonable costs, expenses and liabilities incurred by the Manager for performance of services on behalf of the Fund in connection with the discharge by the Manager of its duties hereunder. Such costs and expenses may include, without limitation: mailing and printing expenses for reports to unitholders and other unitholder communications; a reasonable allocation of salaries, benefits and consulting fees; independent directors of the Manager and other administrative expenses and costs incurred in connection with the Fund's continuous public offering and other obligations. These expenses were \$17,865 for the year ended December 31, 2016 (2015 - \$24,344) and are included in the unitholder reporting costs in the Statements of Comprehensive Income in the financial statements.

During the Fund's initial offering, certain offering expenses such as costs of creating the Fund, the cost of printing and preparing the prospectus, legal expenses of the Fund and other out-of-pocket expenses incurred by the agents together with the agent's fees payable by the Fund are included in the carrying amount of the Fund's obligation for net assets attributable to holders of redeemable units.

## **Global Telecom & Utilities Income Fund (formerly Global Advantaged Telecom & Utilities Income Fund)**

### **BORROWINGS**

The Fund established a revolving margin with its Prime Broker, a Canadian chartered bank. Interest charged at floating rates is included in “Interest expense” on the Statements of Comprehensive Income. The Fund has the facility in place to borrow up to 25 percent of its total assets or 33.3% of the Fund’s NAV. The overdraft function is to borrow for the purpose of making investments in accordance with its investment objectives and restrictions, and to pledge its assets to secure the borrowings. The borrowing is a revolving margin that is due on demand with no fixed repayment terms. For 2015, the Fund was exposed to the revolving margin through the GTU Trust up until termination of the forward agreement.

The amount drawn on the margin was \$1,227,279 (December 31, 2015 - \$2,817,137) or 21.9% (December 31, 2015 – 26.8%) of net assets attributable to holders of redeemable units at December 31, 2016. For the year ended December 31, 2016 the Fund recorded interest expense of \$44,812 (2015 - \$nil). The amount of borrowings ranged between \$1,227,279 and \$2,817,137 during the year (December 31, 2015 between \$2,222,048 and \$2,817,137) and represented 21.9% to 26.8% of the Fund’s net assets attributable to holders of redeemable units during the year ended December 31, 2016 (December 31, 2015 – 18.9% to 26.8%).

### **RECOMMENDATION OR REPORTS BY THE INDEPENDENT REVIEW COMMITTEE**

As noted in the “Recent Developments” section above, the Fund changed its name from Global Advantaged Telecom & Utilities Income Fund to Global Telecom & Utilities Income Fund. This matter was brought to the attention of the IRC on May 16, 2016 and the committee resolved that the change provides a fair and reasonable result for the Fund.

Also, as noted in the “Recent Developments” section above, effective January 16, 2017, the Manager will assume the investment management responsibilities of the Fund. This matter was brought to the attention of the IRC on November 1, 2016 and the committee resolved that the change provides a fair and reasonable result for the Fund.

#### Explanatory Notes:

- Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the reporting period. It is not intended that the Fund's net assets per unit table act as a continuity of opening and closing net assets per unit.
- Net assets, at the commencement of operations March 23, 2011 was \$11.17, net of agents' commissions and issuance costs of \$0.83 per unit.
- Distributions were paid in cash.
- Management expense ratio ("MER") is based on total expenses (excluding commissions and other portfolio transaction costs), of the Fund. In prior years the MER included expenses of the Fund and the GTU Trust. On December 16, 2015, the Forward Agreement between the Fund and the GTU Trust was settled and the GTU Trust was terminated. The 2015 MER includes the expenses of the GTU Trust up to December 16, 2015. The MER without the GTU Trust was 3.48%.
- The trading expense ratio ("TER") represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. The TER without GTU Trust expenses is 0.00%.
- The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a Fund's portfolio turnover rate, the greater the trading costs payable by the Fund and the greater the chance of an investor receiving taxable capital gains. There is not necessarily a relationship between a high turnover rate and the performance of a Fund.

# Global Telecom & Utilities Income Fund (formerly Global Advantaged Telecom & Utilities Income Fund)

7. Amounts reported for 2016 to 2013 periods are reported in accordance with International Financial Reporting Standards. All other prior periods are reported under Canadian generally accepted accounting principles.

## Past Performance

The performance information presented herein assumes all dividends of the Fund during the periods presented were reinvested in additional securities of the Fund. The performance information does not take into account sales, redemptions, or other charges that would have reduced returns or affected performance. Past performance of the Fund is not necessarily indicative of how it will perform in the future.

## YEAR-BY-YEAR RETURNS

The following chart presents the Fund's performance for each of the periods shown and illustrates how the Fund's performance varied. The chart show, in percentage terms, how much an investment made on the first day of each financial period would have grown or decreased by the last day of each financial period.

### Fund performance

2011 represents the period from March 23 to December 31

## Global Telecom & Utilities Income Fund (formerly Global Advantaged Telecom & Utilities Income Fund)

### ANNUAL COMPOUND RETURNS

The following table shows the annual compound returns for the Fund. All returns are in Canadian dollars, on a total return basis, net of fees.

For comparison purposes, a benchmark comprised of a blended index of 50% weighting of the Morgan Stanley Composite Index (MCSI) for Utilities and a 50% weighting of the MCSI for Telecom, in Canadian dollars, is being used. While the Fund uses this benchmark for long-term performance comparisons, it is not managed relative to the composition of the Index. As a result, the Fund may experience periods when its performance is not aligned with the Index, either positively or negatively. The return of the Index is calculated without the deduction of management fees and fund expenses whereas the performance of the Fund is calculated after deducting such fees and expenses. Please see the “Results of Operations” section of this report for a discussion on recent performance.

Investment Return %	1 Year	3 Years	5 Years	10 Years	Since Inception
Fund Performance	(8.13)	6.04	8.65	-	5.18
Benchmark Performance	2.83	11.85	13.05	-	11.29

**CAUTION REGARDING FORWARD-LOOKING STATEMENTS**

This document may contain forward-looking statements relating to anticipated future events, results, circumstances, performance or expectations that are not historical facts but instead represent our beliefs regarding future events. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed or implied in the forward-looking statements. Actual results may differ materially from management expectations as projected in such forward-looking statements for a variety of reasons, including but not limited to market and general economic conditions, interest rates, regulatory and statutory developments, the effects of competition in the geographic and business areas in which the Fund may invest and the risks detailed from time to time in the Fund's prospectus or offering memorandum. We caution that the foregoing list of factors is not exhaustive and that when relying on forward-looking statements to make decisions with respect to investing in the Fund, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Due to the potential impact of these factors, the Fund does not undertake, and specifically disclaims, any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by applicable law.
