## CORPORATE OVERVIEW

Harvest Portfolios Group Inc. (“Harvest”) is a Canadian Investment Manager focused on unique income generating investment products. Harvest was founded in 2009 and is focused on developing investment products that follow three investment criteria:

1. Clear investment objectives
2. Transparency
3. Income generation

Harvest endeavours to develop investment products that are clear in their mandate and easy for our investors to understand. We strive to be transparent, so that our investors can open their reports and know exactly what they own. Our funds are also invested to provide investors with consistent monthly or quarterly income; therefore, we seek to invest our fund portfolios in well managed companies that have a history of steady cash flow and pay dividends.

## INVESTMENT PRODUCT

The Harvest Banks & Buildings Income Fund (the “Fund”) invests primarily in the Canadian banking, other financial and real estate sectors. The banking, other financial and real estate sectors represent significant components of the Canadian economy. As the Canadian economy generally expands, Harvest believes that a diversified portfolio invested across these sectors will provide investors with an attractive yield and strong capital appreciation potential.

## **INTERIM MANAGEMENT DISCUSSION OF FUND PERFORMANCE**

The interim management report of fund performance contains financial highlights but does not contain the complete condensed interim financial statements of the Fund. For your reference, the condensed interim financial statements of the Fund are attached to the interim management report of fund performance. You may obtain additional copies of these documents at your request, and at no cost, by calling toll free at 1(866) 998-8298; by writing to us at Harvest Portfolios Group Inc., 710 Dorval Drive, Suite 209, Oakville, Ontario, L6K 3V7; or by visiting our website at [www.harvestportfolios.com](http://www.harvestportfolios.com); or on SEDAR at [www.sedar.com](http://www.sedar.com).

Unitholders may also contact us using one of these methods to request a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

### **INVESTMENT OBJECTIVES AND STRATEGY**

The Fund's investment objectives are:

- i. to provide unitholders with monthly distributions; and
- ii. to maximize total return for unitholders.

To achieve the investment objectives, the portfolio sub-advisor of the Fund, Avenue Investment Management Inc. ("Avenue" or "Investment Manager"), invests in an actively managed portfolio that consists primarily of Banking Issuers, Other Financial Issuers and Real Estate Issuers. Avenue believes that in this environment, dividend paying companies in the financial and real estate sectors will continue to maintain their dividends or distributions. The issuers in the Canadian banking, other financial and real estate industries have capital ratios and leverage ratios that are conservative in nature and therefore justify consistent dividend payout policies.

Avenue uses a combination of top-down, macro analysis to evaluate and identify the most attractive companies and types of securities in the sectors mentioned above. Avenue also employs a value-based, bottom-up fundamental analysis to identify issuers based on the quality of their assets and the strength of their balance sheets and cash flows. Generally, each company or investment held in the portfolio will have consistent dividend payout history and offers a yield component that will help aid the objectives of the Fund. Avenue seeks to acquire securities that it believes have strong free cash flow metrics and will not defer future dividend or interest payments and will focus on issuers that it believes offer high levels of income and potential for capital appreciation, and that it believes provide the most attractive total return, relative to risk.

### **RISK**

The risks associated with investing in the Fund are as described in the prospectus. There were no material changes to the Fund over the period that affected the overall level of risk of the Fund.

### **RESULTS OF OPERATIONS**

The Funds return for the period ending June 30, 2015 was 1.42% Series R, 1.09% for Series A, 1.98% for Series F and 1.78% for Series D compared to the benchmark index comprised of 50% weighting of the S&P/TSX Financials Total Return Index and a 50% weighting of the S&P/Real Estate Total Return Index return of 1.40%.

There continued to be a divergence among the North American economies following the trend that started towards the end of 2014. The U.S. economy continued to show signs of strength while the Canadian economy started to see the impact of the lower oil prices which remained under pressure throughout the first six months of 2015. This resulted in a general underperformance of the Canadian Financials compared to their U.S. counterparts. The Fund continued to be near the 25% maximum allocation to positions outside of Canada, which was allocated primarily towards U.S. Banks through early in the second quarter. Select U.S. positions were reduced locking in both attractive gains on the underlying equities and, with the currency un-hedged during the period, also locked in a positive currency gain. With regards to the Real Estate exposure, the Fund continued to hold core holdings in apartment buildings that are in regions of North America with a bias towards underlying holdings that have strong outlooks for organic growth.

## RECENT DEVELOPMENTS

There were no new developments to note during the period.

## RELATED PARTY TRANSACTIONS

There were no related party transactions during the reporting period, except for management fees and other expense reimbursements paid to Harvest, as noted below in “Management and Other Fees”.

## MANAGEMENT AND OTHER FEES

Harvest Portfolios Group Inc. is the Manager of the Fund and is responsible for managing or arranging for managing the Fund’s overall business and operations and provides key management personnel to the Fund. The Manager pays Avenue a fee for its portfolio advisory service, from the management fee received from the Fund, calculated on the basis of the Fund’s average daily net asset value.

Each series of units pays the Manager an annual management fee, plus applicable taxes, based on a percentage of the average daily net asset value (“NAV”) of the Fund attributable to that applicable series (the “Management Fee”).

Dealers may be paid a servicing fee in connection with Series A, Series R and Series D units for ongoing services they provide to investors, including investment advice, account statements and newsletters. Generally, the servicing fees, plus applicable taxes, are payable monthly in arrears based on the total client assets invested in each series of units of the Fund held by all of a Dealer’s clients throughout the month. The Manager can change or cancel servicing fees at any time.

The fees differ among the series of units of the Fund as set out in the chart below:

Fund Series	Annual Management Fee	Dealer Service Fee	Total Fees
R	1.10%	0.40%	1.50%
A	1.10%	1.25%	2.35%
F	1.10%	0.00%	1.10%
D	1.10%	0.25%	1.35%

## Operating expenses

The Fund is responsible for operating expenses relating to the carrying on of its business, including custodial services, interest, taxes, legal, audit fees, transfer agency services relating to the issue and redemption of units, and the cost of financial and other reports, costs and expenses for the Fund’s Independent Review Committee (“IRC”), including fees and expenses of the IRC members and compliance with applicable laws, regulations and policies. The Manager pays for such expenses on behalf of the Fund, except for certain expenses such as interest, and is then reimbursed by the Fund.

The Manager may, in some cases, absorb a portion of the Fund’s operating expenses. The amount of absorption for the period ended June 30, 2015 was \$25,093 (2014 - \$10,278). The Manager may cease doing so at any time without notice to unitholders.

## Other expenses

The Manager will be reimbursed by the Fund for all reasonable costs, expenses and liabilities incurred by the Manager for performance of services on behalf of the Fund in connection with the discharge by the Manager of its duties hereunder. Such costs and expenses may include, without limitation: mailing and printing expenses for reports to unitholders and other unitholder communications; a reasonable allocation of salaries, benefits and consulting fees; independent directors of the Manager and other administrative expenses and costs incurred in connection with the Fund’s continuous public offering and other obligations. These expenses are allocated by the Manager on a reasonable basis, across all of the Harvest Portfolios Group Inc. Funds, and series of each applicable fund. These expenses were \$12,622 for the period ended June 30, 2015 (2014 - \$12,673) and are included in the unitholder reporting costs on the Statements of Comprehensive Income in the condensed interim financial statements.

### Explanatory Notes:

1. Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the reporting period. It is not intended that the Fund's net assets per unit table act as a continuity of opening and closing net assets per unit.
2. Net assets, at the commencement of operations was \$11.17, net of agents' commissions and issuance costs of \$0.83 per unit. On Conversion Day, all Fund units were exchanged one-for-one into Series R, at an NAV of \$11.27. Series A, Series F and Series D commenced operations on October 22, 2011, October 27, 2011 and July 9, 2014 respectively.
3. Distributions were paid in cash until Conversion Day, after which, an automatic reinvestment or cash option was made available.
4. Management expense ratio ("MER") is based on total expenses (excluding commissions and other portfolio transaction costs) of the stated period and is expressed as an annualized percentage of daily average net asset value during the period. The 2011 MER for Series R includes a one-time conversion cost, not annualized, of \$190,113 and interest expense of \$120,832, without which the MER was 3.05%.
5. The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period.

## HARVEST Banks & Buildings Income Fund

6. The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a Fund's portfolio turnover rate, the greater the trading costs payable by the Fund and the greater the chance of an investor receiving taxable capital gains. There is not necessarily a relationship between a high turnover rate and the performance of a Fund.
7. Amounts reported for the 2015 to 2013 periods are reported in accordance with International Financial Reporting Standards. All other prior periods are reported under Canadian generally accepted accounting principles.

### Past Performance

The performance information presented herein assumes all dividends of the Fund during the years presented were reinvested in additional securities of the Fund. The performance information does not take into account sales, redemption, or other charges that would have reduced returns or affected performance. Past performance of the Fund is not necessarily indicative of how it will perform in the future.

### YEAR-BY-YEAR RETURNS

The following charts present the Fund's performance for each of the years shown and illustrate how the Fund's performance varied for Series R, Series A, Series F and Series D.
