## INTERIM MANAGEMENT REPORT OF FUND PERFORMANCE

---

### Harvest Tech Achievers Growth & Income ETF

June 30, 2020

The Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure, can be obtained at your request, and at no cost, by calling us at 1-866-998-8298; by writing to us at Harvest Portfolios Group Inc., 610 Chartwell Road, Suite 204, Oakville, Ontario, L6J 4A5; by visiting our website at [www.harvestportfolios.com](http://www.harvestportfolios.com); or on SEDAR at [www.sedar.com](http://www.sedar.com).

# Harvest Tech Achievers Growth & Income ETF

## CORPORATE OVERVIEW

Harvest Portfolios Group Inc. (“Harvest” or the “Manager”) is a Canadian Investment Manager founded in 2009. Harvest is focused on developing investment products that follow three investment criteria.

We (i) endeavor to develop investment products that are clear in their mandate and easy for investors to understand, (ii) strive to be transparent so that our investors can review their financial reports and know exactly what they own and (iii) seek to provide investors with consistent monthly or quarterly income by investing the fund portfolios in well managed companies that have a steady cash flow and dividend-paying history.

## INVESTMENT PRODUCT

The Harvest Tech Achievers Growth & Income ETF (the “Fund”) investment objectives are to provide unitholders with the opportunity for capital appreciation, monthly cash distributions and lower overall volatility of Portfolio<sup>1</sup> returns than would otherwise be experienced by owning Equity Securities<sup>1</sup> of the Technology Achievers<sup>1</sup> directly. As part of the investment strategy, the Fund will invest in an equally weighted portfolio of Equity Securities of 20 Technology Issuers<sup>1</sup> from the Technology Achievers Investable Universe<sup>1</sup> that have a market capitalization of at least US\$10 billion at the time of investment and have options in respect of their Equity Securities listed on a recognized options exchange.

---

<sup>1</sup> As defined in the Fund’s prospectus dated June 15, 2020.

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

The interim management report of fund performance contains financial highlights but does not contain the complete interim financial statements of the Fund. For your reference, the interim financial statements of the Fund are attached to the interim management report of fund performance. You may obtain additional copies of these documents at your request, and at no cost, by calling toll free at 1(866) 998-8298; by writing to us at Harvest Portfolios Group Inc., 610 Chartwell Road, Suite 204, Oakville, Ontario, L6J 4A5; or by visiting our website at [www.harvestportfolios.com](http://www.harvestportfolios.com); or on SEDAR at [www.sedar.com](http://www.sedar.com).

Unitholders may also contact us using one of these methods to request a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

## INVESTMENT OBJECTIVES AND STRATEGY

The Fund has been created to invest in a portfolio (the "Portfolio") of 20 equally weighted Equity Securities of Technology Issuers chosen from the Technology Achievers Investable Universe that at the time of investment and immediately following each quarterly reconstitution and rebalancing (i) have a market capitalization of at least US\$10 billion, and (ii) have options in respect of their Equity Securities listed on a recognized options exchange (the "Technology Achievers").

The Fund's investment objectives are to provide unitholders with (i) the opportunity for capital appreciation; (ii) monthly cash distributions; and (iii) lower overall volatility of the Portfolio returns than would otherwise be experienced by owning Equity Securities of the Technology Achievers directly.

The Manager will select the Equity Securities for the Portfolio and will quarterly reconstitute and rebalance the Portfolio such that the Portfolio, at the time of the initial investment and immediately following each quarterly reconstitution and rebalancing, will have the following investment characteristics:

- Quality** – An average 3-year Return on Equity greater than the average for the Technology Achievers Investable Universe;
- Value** – An average current year Forward Price-to-Earnings Ratio that is less than the average for the Technology Achievers Investable Universe; and
- Growth** – An average PEG Ratio that is less than the average for the Technology Achievers Investable Universe.

## RISK

The risks associated with investing in the Fund are as described in the prospectus. There were no material changes to the Fund over the period that affected the overall level of risk of the Fund.

## RESULTS OF OPERATIONS

The Fund returned 6.78% for Series A and 8.84% for Series U compared to the S&P 500 Information Technology Total Return Index (USD) return of 14.95% for the period ended June 30, 2020. The primary reasons for the divergence is the Fund is equally weighted compared to market capitalization weighted in the S&P 500 Information Technology Total Return Index that has a heavy skew in the underlying weightings towards several positions such as Microsoft and Apple, with over 40% of that Index being held in those two positions. The Fund significantly outperformed the S&P 500 Equally Weighted Information Technology Index that returned 1.77% for the period. The return for Series B is not presented because it commenced operation on March 10, 2020 and has not been in existence for one year.

The Information Technology sector was the top-performing sector in the S&P 500 on a total return basis in 2019 and has been a leadership sector during this cycle. Coming into 2020, the landscape continued to look promising for the broader markets and the Technology sectors in general had solid fundamental foundations and were poised for continued robust growth. The unprecedented global pandemic that quickly erupted through the end of February caused significant disruptions to the markets and caused volatility levels, both realized and implied, to expand to extreme levels in many cases not seen even during the financial crisis of 2008. Uncertainty over the systemic disruptions and timing of any return to normalcy kept volatility at extreme levels for several months. The volatility and uncertainty were met swiftly with significant and in many countries, unprecedented stimulus, both monetary and fiscally. This allowed credit markets to stay fluid and provided some stability to the broader economic systems and resulted in overall extreme volatility subsiding toward early summer. However, uncertainty remains as to the duration and longer-term economic impact of the pandemic and systemic shutdowns. This coincides with volatility levels that remain elevated compared to recent years, but below the peaks that were seen early in the pandemic.

There have been several key areas of the market that have been hit relatively hard by the pandemic. Tourism, brick & mortar retail and travel related businesses have been particularly hard hit, however, technology is one of the areas of the market that have benefited from changes that we have all had to make due to the pandemic. Many of the trends that were already in place have started to accelerate: Cyber security, collaboration / productivity, cloud and network demand, big data flexibility /

# Harvest Tech Achievers Growth & Income ETF

scalability all have had accelerated growth driven by things like work from home, online shopping and increased social media usage as a means to communicate and the Fund is well positioned to benefit from these long term trends that have been expedited due to the global pandemic.

The Fund remained invested in 20 technology leaders and sold call options on underlying holdings held in the Portfolio during the period to meet its investment and income objectives.

## RECENT DEVELOPMENTS

On March 10, 2020, the Fund began offering Series B Units. The Series B Units began trading under the symbol HTA.B. The Series B Units are unhedged and designed for investors who want to maintain exposure to currency fluctuations of the foreign denominated holdings in the Fund compared to the Canadian dollar.

The recent spread of the coronavirus ("COVID-19") has caused volatility in the global financial markets and a slowdown in the global economy and may have a continued adverse impact on the financial performance of the Fund's investments. The extent of the overall impact to financial markets and the economy are highly uncertain and cannot be predicted as they will depend on the duration and renewed spread of the outbreak along with further government restrictions. If the financial markets and/or the overall economy are impacted for an extended period, the Fund's future investment results may be materially adversely affected.

## RELATED PARTY TRANSACTIONS

There were no related party transactions during the reporting period, except for management fees and other expense reimbursements paid to Harvest, as noted below in Management and Other Fees.

## MANAGEMENT AND OTHER FEES

The Manager is responsible for managing the Fund's overall business and operations and provides key management personnel to the Fund. The Manager is entitled to an annual management fee of 0.85% of the average daily NAV, plus applicable taxes, per annum of the Fund and paid monthly in arrears.

### Operating expenses

The Fund is responsible for operating expenses relating to the carrying on of its business, including custodial services, interest, taxes, legal, audit fees, transfer agency services relating to the issue and redemption of units, and the cost of financial and other reports, costs and expenses for the Fund's Independent Review Committee ("IRC"), including fees and expenses of the IRC members and compliance with applicable laws, regulations and policies. The Manager pays for such expenses on behalf of the Fund, except for certain expenses such as interest, and is then reimbursed by the Fund.

### Other expenses

The Manager will be reimbursed by the Fund for all reasonable costs, expenses and liabilities incurred by the Manager for performance of services on behalf of the Fund in connection with the discharge by the Manager of its duties hereunder. Such costs and expenses may include, without limitation: mailing and printing expenses for reports to unitholders and other unitholder communications; a reasonable allocation of salaries and benefits; and other administrative expenses and costs incurred in connection with the Fund's continuous public offering and other obligations. These expenses are allocated by the Manager on a reasonable basis, across all the Harvest Portfolios Group Inc. funds, and series of each applicable fund. These expenses were \$33,313 for the period ended June 30, 2020 (2019 - \$27,702) and are included in the unitholder reporting costs on the Statements of Comprehensive Income (Loss) in the financial statements.

### Waivers and absorptions

At its sole discretion, the Manager may waive management fees or absorb expenses of the Fund. There were no management fee waivers for the period ended June 30, 2020 or 2019. The Manager absorbed \$28,810 of expenses of the Fund for the period ended June 30, 2020 (2019 – nil). The management expense ratios of the Fund with and without the waivers and absorptions are reported in the Ratios and Supplemental Data table below.

## RECOMMENDATIONS OR REPORTS BY THE INDEPENDENT REVIEW COMMITTEE

The Independent Review Committee tabled no special reports and made no extraordinary material recommendations to management of the Fund during the period ended June 30, 2020.

# Harvest Tech Achievers Growth & Income ETF

## FINANCIAL HIGHLIGHTS

The following tables present selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the period ended June 30, 2020 and past annual periods. This information is derived from the Fund's interim financial statements and past annual audited financial statements.

### Explanatory Notes:

1. Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the reporting period. It is not intended that the Fund's net assets per unit table act as a continuity of opening and closing net assets per unit.
2. Net assets, at the commencement of operations on May 26, 2015 was \$9.31, net of agents' commissions and issuance costs of \$0.69 per unit. Series U commenced operation on June 19, 2017 with a net asset value per unit of \$11.88 (\$9.00 USD). Series B commenced operations on March 10, 2020 with a net asset value per unit of \$10.50.
3. Distributions were paid in cash or reinvested in additional units of the Fund.
4. Management expense ratio ("MER") is based on total expenses (excluding commissions and other portfolio transaction costs) of the stated period and is expressed as an annualized percentage of the daily average net asset value during the period. The MER for 2015, the year of inception, includes agents' fees of \$2,887,500 and issue costs of \$825,000 for Series A, which were treated as one-time expenses and therefore were not annualized. The MER without these costs is 1.96% for Series A.
5. The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. In 2020 the calculation was modified to include certain transaction costs charged by the custodian. The trading expense ratio in prior periods was not re-stated.
6. The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a Fund's portfolio turnover rate, the greater the trading costs payable by the Fund and the greater the chance of an investor receiving taxable capital gains. There is not necessarily a relationship between a high turnover rate and the performance of a Fund.
7. The USD amount of the net assets at the end of the period was \$12.04 USD.

# Harvest Tech Achievers Growth & Income ETF

## Past Performance

The performance information presented herein assumes all dividends of the Fund during the periods presented were reinvested in additional securities of the Fund. The performance information does not take into account sales, redemptions, or other charges that would have reduced returns or affected performance. Past performance of the Fund is not necessarily indicative of how it will perform in the future.

## YEAR-BY-YEAR RETURNS

The following charts present the Fund's performance for each of the years shown and illustrate how the Fund's performance varied for Series A and Series U. The chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the last day of each financial year except for 2020 which represents the interim period.

The performance of Series B is not shown as National Instrument 81-106, the regulatory guideline for Continuous Disclosure, does not permit reporting of performance for any fund series that has been in existence less than one year.

## Fund Performance

### Series A

2015 represents the period from May 26 to December 31

### Series U (USD)

2017 represents the period from June 19 to December 31

#### CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements relating to anticipated future events, results, circumstances, performance or expectations that are not historical facts but instead represent our beliefs regarding future events. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed or implied in the forward-looking statements. Actual results may differ materially from management expectations as projected in such forward-looking statements for a variety of reasons, including but not limited to market and general economic conditions, interest rates, regulatory and statutory developments, the effects of competition in the geographic and business areas in which the Fund may invest and the risks detailed from time to time in the Fund's prospectus or offering memorandum. We caution that the foregoing list of factors is not exhaustive and that when relying on forward-looking statements to make decisions with respect to investing in the Fund, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Due to the potential impact of these factors, the Fund does not undertake, and specifically disclaims, any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by applicable law.
