

INTERIM MANAGEMENT REPORT OF FUND PERFORMANCE

Harvest Tech Achievers Growth & Income ETF

June 30, 2021

The Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure, can be obtained at your request, and at no cost, by calling us at 1-866-998-8298; by writing to us at Harvest Portfolios Group Inc., 610 Chartwell Road, Suite 204, Oakville, Ontario, L6J 4A5; by visiting our website at www.harvestportfolios.com; or on SEDAR at www.sedar.com.

Harvest Tech Achievers Growth & Income ETF

CORPORATE OVERVIEW

Harvest Portfolios Group Inc. (“Harvest” or the “Manager”) is a Canadian Investment Manager founded in 2009. Harvest is focused on developing investment products that follow three investment criteria.

We (i) endeavor to develop investment products that are clear in their mandate and easy for investors to understand, (ii) strive to be transparent so that our investors can review their financial reports and know exactly what they own and (iii) seek to provide investors with consistent monthly or quarterly income by investing the fund portfolios in well managed companies that have a steady cash flow and dividend-paying history.

INVESTMENT PRODUCT

The Harvest Tech Achievers Growth & Income ETF (the “Fund”) investment objectives are to provide unitholders with the opportunity for capital appreciation, monthly cash distributions and lower overall volatility of Portfolio¹ returns than would otherwise be experienced by owning Equity Securities¹ of the Technology Achievers¹ directly. As part of the investment strategy, the Fund will invest in an equally weighted portfolio of Equity Securities of 20 Technology Issuers¹ from the Technology Achievers Investable Universe¹ that have a market capitalization of at least US\$10 billion at the time of investment and have options in respect of their Equity Securities listed on a recognized options exchange.

¹ As defined in the Fund’s prospectus dated June 15, 2021.

Harvest Tech Achievers Growth & Income ETF

MANAGEMENT DISCUSSION OF FUND PERFORMANCE

The interim management report of fund performance contains financial highlights but does not contain the complete interim financial statements of the Fund. For your reference, the interim financial statements of the Fund are attached to the interim management report of fund performance. You may obtain additional copies of these documents at your request, and at no cost, by calling toll free at 1(866) 998-8298; by writing to us at Harvest Portfolios Group Inc., 610 Chartwell Road, Suite 204, Oakville, Ontario, L6J 4A5; or by visiting our website at www.harvestportfolios.com; or on SEDAR at www.sedar.com.

Unitholders may also contact us using one of these methods to request a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

INVESTMENT OBJECTIVES AND STRATEGY

The Fund has been created to invest in a portfolio (the "Portfolio") of 20 equally weighted Equity Securities of Technology Issuers chosen from the Technology Achievers Investable Universe that at the time of investment and immediately following each quarterly reconstitution and rebalancing (i) have a market capitalization of at least US\$10 billion, and (ii) have options in respect of their Equity Securities listed on a recognized options exchange (the "Technology Achievers").

The Fund's investment objectives are to provide unitholders with (i) the opportunity for capital appreciation; (ii) monthly cash distributions; and (iii) lower overall volatility of the Portfolio returns than would otherwise be experienced by owning Equity Securities of the Technology Achievers directly.

The Manager will select the Equity Securities for the Portfolio and will quarterly reconstitute and rebalance the Portfolio such that the Portfolio, at the time of the initial investment and immediately following each quarterly reconstitution and rebalancing, will have the following investment characteristics:

- Quality** – An average 3-year Return on Equity greater than the average for the Technology Achievers Investable Universe;
- Value** – An average current year Forward Price-to-Earnings Ratio that is less than the average for the Technology Achievers Investable Universe; and
- Growth** – An average PEG Ratio that is less than the average for the Technology Achievers Investable Universe.

RISK

The risks associated with investing in the Fund are as described in the prospectus. There were no material changes to the Fund over the period that affected the overall level of risk of the Fund.

RESULTS OF OPERATIONS

The Fund returned 19.92% for Series A, 17.09% for Series B and 20.24% for Series U compared to the S&P 500 Information Technology Total Return Index (USD) return of 13.76% for the period ended June 30, 2021.

The Information Technology sector lagged the broader market during the first half of 2021 following strong performance last year as investors rotated out of pandemic beneficiaries and into early cycle groups levered more heavily exposed to the normalization of the global economy. Underperformance was not uniform across the sector however as underperformance by mega-cap Apple Inc. was a significant drag on performance while many high growth software stocks also lagged as rising inflation concerns put pressure on valuations. Additionally, performance among semiconductor stocks was mixed as supply constraints due to Covid outbreaks in major semiconductor manufacturing areas and a strong rebound in demand due to the global economic recovery led to shortages across much of the industry. As the period progressed investors also began to worry that persistent shortages may be leading to less rational order patterns by semiconductor consumers. While many semiconductor manufacturer stocks lagged during the first half, companies that provide equipment to manufacture these products performed very well as shortages, coupled with rising tensions between China and the United States led to a growing push to increase capacity for onshore production of these vital components by several Western nations, resulting in increased demand for manufacturing equipment.

During the first half the Fund benefitted from investments in semiconductor equipment manufacturer Applied Materials Inc., Fortinet Inc., a provider of cybersecurity solutions and semiconductor manufacturer Nvidia Corp. Additionally, while Apple Inc. lagged the broader sector during the period the Fund's performance relative to the benchmark benefitted from being significantly underweight. Investments in semiconductor manufacturer Qualcomm Inc., Visa Inc., and Salesforce.com Inc. lagged during the period and had a negative impact on performance.

The Fund remained invested in 20 technology leaders and sold call options on underlying holdings held in the Portfolio during the period to meet its investment and income objectives.

Harvest Tech Achievers Growth & Income ETF

RECENT DEVELOPMENTS

The spread of the coronavirus (“COVID-19”) has caused volatility in the global financial markets and a slowdown in the global economy. Uncertainty on the impact and the strength of the economic recovery continues with the spread of variants. Although financial markets have been strong over the past year, this uncertainty may have a continued adverse impact on the financial performance of the Fund’s investments. If there is renewed spread of COVID-19, the duration and resulting government restrictions could continue to impact the overall economy for an extended period and the Fund’s future investment results may be materially adversely affected.

During the period the Manager announced an increase to the monthly distribution amount from \$0.0583 per unit per month to \$0.07 per unit per month commencing with distributions declared in April 2021. This change impacted all Series of units of the Fund.

RELATED PARTY TRANSACTIONS

There were no related party transactions during the reporting period, except for management fees and other expense reimbursements paid to Harvest, as noted below in Management and Other Fees.

MANAGEMENT AND OTHER FEES

The Manager is responsible for managing the Fund’s overall business and operations and provides key management personnel to the Fund. The Manager is entitled to an annual management fee of 0.85% of the average daily NAV, plus applicable taxes, per annum of the Fund and paid monthly in arrears.

Operating expenses

The Fund is responsible for operating expenses relating to the carrying on of its business, including custodial services, interest, taxes, legal, audit fees, transfer agency services relating to the issue and redemption of units, and the cost of financial and other reports, costs and expenses for the Fund’s Independent Review Committee (“IRC”), including fees and expenses of the IRC members and compliance with applicable laws, regulations and policies. The Manager pays for such expenses on behalf of the Fund, except for certain expenses such as interest, and is then reimbursed by the Fund.

Other expenses

The Manager will be reimbursed by the Fund for all reasonable costs, expenses and liabilities incurred by the Manager for performance of services on behalf of the Fund in connection with the discharge by the Manager of its duties hereunder. Such costs and expenses may include, without limitation: mailing and printing expenses for reports to unitholders and other unitholder communications; a reasonable allocation of salaries and benefits; and other administrative expenses and costs incurred in connection with the Fund’s continuous public offering and other obligations. These expenses are allocated by the Manager on a reasonable basis, across all the Harvest Portfolios Group Inc. funds, and series of each applicable fund. These expenses were \$42,390 for the period ended June 30, 2021 (2020 - \$33,313) and are included in the unitholder reporting costs on the Statements of Comprehensive Income (Loss) in the financial statements.

Waivers and absorptions

At its sole discretion, the Manager may waive management fees or absorb expenses of the Fund. There were no management fee waivers for the period ended June 30, 2021 or 2020. The Manager absorbed \$112,718 of expenses of the Fund for the period ended June 30, 2021 (2020 – \$28,810). The Manager may cease doing so at any time without notice to unitholders. The management expense ratios of the Fund with and without the waivers and absorptions are reported in the Ratios and Supplemental Data table below.

RECOMMENDATIONS OR REPORTS BY THE INDEPENDENT REVIEW COMMITTEE

The Independent Review Committee tabled no special reports and made no extraordinary material recommendations to management of the Fund during the period ended June 30, 2021.

Harvest Tech Achievers Growth & Income ETF

FINANCIAL HIGHLIGHTS

The following tables present selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the period ended June 30, 2021 and past annual periods. This information is derived from the Fund's interim financial statements and past annual audited financial statements.

Series A

Explanatory Notes:

1. Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the reporting period. It is not intended that the Fund's net assets per unit table act as a continuity of opening and closing net assets per unit.
2. Series U commenced operation on June 19, 2017 with a net asset value per unit of \$11.88 (\$9.00 USD). Series B commenced operations on March 10, 2020 with a net asset value per unit of \$10.50.
3. Distributions were paid in cash or reinvested in additional units of the Fund.
4. Management expense ratio ("MER") is based on total expenses (excluding commissions and other portfolio transaction costs) of the stated period and is expressed as an annualized percentage of the daily average net asset value during the period.
5. The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. In 2020 the calculation was modified to include certain transaction costs charged by the custodian. The trading expense ratio in prior periods was not re-stated.
6. The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a Fund's portfolio turnover rate, the greater the trading costs payable by the Fund and the greater the chance of an investor receiving taxable capital gains. There is not necessarily a relationship between a high turnover rate and the performance of a Fund.
7. The USD amount of the net assets at the end of the period was \$16.79 USD.

Harvest Tech Achievers Growth & Income ETF

Past Performance

The performance information presented herein assumes all dividends of the Fund during the periods presented were reinvested in additional securities of the Fund. The performance information does not take into account sales, redemptions, or other charges that would have reduced returns or affected performance. Past performance of the Fund is not necessarily indicative of how it will perform in the future.

YEAR-BY-YEAR RETURNS

The following charts present the Fund's performance for each of the years shown and illustrate how the Fund's performance varied for Series A and Series U. The chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the last day of each financial year except for 2021 which represents the interim period.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements relating to anticipated future events, results, circumstances, performance or expectations that are not historical facts but instead represent our beliefs regarding future events. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed or implied in the forward-looking statements. Actual results may differ materially from management expectations as projected in such forward-looking statements for a variety of reasons, including but not limited to market and general economic conditions, interest rates, regulatory and statutory developments, the effects of competition in the geographic and business areas in which the Fund may invest and the risks detailed from time to time in the Fund's prospectus or offering memorandum. We caution that the foregoing list of factors is not exhaustive and that when relying on forward-looking statements to make decisions with respect to investing in the Fund, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Due to the potential impact of these factors, the Fund does not undertake, and specifically disclaims, any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by applicable law.
